ANDIS® COMPANY HIRES AND PROMOTES TO SUPPORT BUSINESS GROWTH

STURTEVANT, WI (OCTOBER 2017) – Andis Company, a leading manufacturer of professional-grade tools for the Barber & Beauty, Animal, and Consumer product categories, has recently added new management roles and promoted several associates to its management team to help support the company’s continued growth.

Brad Uhlig, Vice President of Finance – In his new position, Uhlig will oversee all of Andis’ financial activities and play an integral role in the implementation of strategic programs to enhance overall quality and efficiency. Uhlig has 20 years of management experience in the areas of financial modeling, forecasting and planning, as well as corporate control and accounting.

Michael Heindselman, Logistics Manager – Heindselman brings 20 years of distribution, logistics and supply chain management experience to this newly created role. Heindselman will have direct oversight of Andis’ manufacturing logistics, and is tasked with directing, optimizing and managing all facets of the company’s allocation of goods.

Chris Stanton, Machine Shop Manager – Stanton brings over 20 years of manufacturing and operations management experience to Andis. He will lead the company’s Machine Shop with a primary focus on optimizing clipper and trimmer blade production and inventory.

Dawn Lofquist, Controller – Lofquist joined Andis in 2012 as a Financial Analyst. In her first four years with the company, she was responsible for cost accounting, manufacturing finances and invoicing processes. Prior to being promoted to Controller, she held the role of Financial Analysis Manager.

Donald Giammarrusco, Internal Quality Assurance Manager – Giammarrusco joined Andis in 2015 as a Quality Assurance Engineer and was later promoted to Quality Assurance Supervisor. His responsibilities include planning, coordinating, and managing quality programs to guarantee the continuous production of Andis products.

Andy Skuhra, Associate Product Engineering Manager – Skuhra, a mechanical engineer, joined Andis in 1998 and has played a key role in developing many of the company’s new products. In this newly created role, he will direct activities that support and sustain existing Andis products including product line extensions, product testing, alternate component sources and continuous improvements.

Jonathan McGray, Machine Shop Supervisor – McGray began his career at Andis as a Machine Operator in the company’s Machine Shop in 2015. He has played a key role in the manufacturing process, where his expertise, attention to detail, and continuous leadership led to his promotion.

Kyle Gilman, Lead Network Administrator – Gilman brings 16 years of IT experience to this newly created role, where he oversees the company’s service desk for network, telecom, server and desktop support. Gilman joined Andis in 2010 as a Network Analyst.
