CLASSIC PRECISION, MODERN PERFORMANCE
Create flawless fades and clean tapers with the new cordless version of the Master®, renowned for its cutting precision. Featuring a carbon-steel blade that adjusts from size 000 to 1, we gave this tool the look and feel of the iconic Master, but with state-of-the-art technology.

POWERED TO PERFORM
The Master® Cordless cuts though all hair types – wet or dry – with power to spare due to a high-performance rotary motor. Andis’ Constant Speed Technology ensures that it delivers continual, high-speed blade performance (7,200 SPM) without dragging or stalling.

CORDLESS CONVENIENCE
Achieve optimal control and comfort during clipping from the new cordless design – same balance and feel as the traditional Master, but with less weight. Achieve 90 minutes of run time without slowing down thanks to a powerful, lithium-ion battery. Includes cord/cordless flexibility to deliver reliable power behind the chair.

Andis® products are among the best cutting, smoothest running and most durable found anywhere in the world. Each utilizes expertly developed motor technology designed to complement the application, ensuring maximum performance. So which type of motor should you choose? Whether magnetic, pivot or rotary motor, your Andis selection will deliver the high-quality results you’ve come to expect when you pair the correct motor with the right application.

**MAGNETIC MOTORS**

**Reliable Power & High Blade Speed**
Magnetic motors run at high speed resulting in smooth cuts. Light textures of hair will feed and cut well with magnetic motor clippers. Less moving parts make these simple, reliable and the longest lasting of all the motors.

**PIVOT MOTORS**

**High Power & Lower Blade Speed**
Pivot motors have a lower blade speed than magnetic motors but are twice as powerful. Higher cutting power makes them ideal for cutting thick or heavy hair. They are whisper quiet, cool running and long lasting.

**ROTARY MOTORS**

**High Power & High Blade Speed**
Rotary motors have an equal amount of power and blade speed. They are also the only motor available with multiple speeds. Their balance between power, speed, size and weight makes them extremely versatile and perfect for heavy-duty cutting.

**BRUSHLESS ROTARY**
Brushless motors deliver more power and torque than standard designs. They also last longer and weigh less.

Our most powerful cordless detachable blade clipper features a removable battery pack. Powerful lithium-ion battery can be removed from the unit and charged separately. Improved battery gives longer run time (up to 3 hours) with a 2-hour charge time. Five speeds: Adjustable from 1,800 to 3,800 strokes per minute. Cuts any hair type—wet or dry.

---

Heavy duty, detachable blade clipper with cord/cordless design. Brushless rotary motor delivers optimal torque & power – for use on all hair types, wet or dry. Powerful lithium-ion battery delivers a 90 minute run time on a 70 minute charge. Detachable blade design offers the advantage of multiple blade options to achieve just the right cut length for your styling needs. Two Speeds: from 3,000 to 3,800 strokes per minute.
For a dependable, long-life blade, look no further than Andis® UltraEdge blades. Our exclusive hardening process keeps blades sharper for a longer time. Add a special chrome finish that inhibits corrosion and you have cutting solutions that will last for years.

**The Same Legendary Cutting Performance as the American Version, Without the Hassle of Power Converters.**

Powerful, high-speed magnetic motor runs cool and quiet, delivering over 7,200 cutting strokes per minute. Close-cutting, stainless-steel T-blade for outlining, dry shaving and fading — may be zero gapped. Deep-tooth design allows longer hair to feed through faster and can be used for light fading. High-quality product engineered and produced in the USA.

**Powerful, Rotary Motor Trimmer with Multiple Attachment Options.**

**Powerful All-in-One Clipper/Trimmer.**

Lightweight and comfortable. Snap-on precision blade is easy to clean. Dual voltage for worldwide use.
Freedom to Roam. Power to Last.

- Cord/cordless operation with lithium-ion battery; over 100 minutes of run time
- Extremely powerful rotary motor provides blade speeds over 7,200 strokes per minute
- Includes constant speed motor technology for ultimate blade performance through all hair types
- Premium Andis® T-Outliner® deep-tooth stainless-steel blade has the ability to be zero-gapped
- Features an LED light indicating power levels

Cool Care Plus®
12750
Spray can, 15.5 oz - 12 to a case
Cool Care Plus® is a 5-in-one coolant, lubricant, cleaner, rust preventative and disinfectant (virucide, fungicide, bactericide and tuberculocide) with a country-fresh scent. Do all of this in one step without removing the blade from the clipper. High-pressure comfort tip nozzle quickly sprays hair out of blade teeth.

Andis® Clipper Oil
12501
4 oz bottles - case of 48
Use Andis® clipper oil to lubricate and clean blades. Brush hair from the blades, add 5 drops and wipe away excess oil with clean cloth. Hang or store your Andis® clipper with the blades down to prevent excess oil from entering the clipper body.

Blade Care Plus®
12570 (Jar) & 12590 (Spray Bottle)
Dip jar, 16.5 oz - 12 to a case
Spray bottle, 16 oz - 12 to a case
In just 10 seconds, Blade Care Plus® leaves blades clean, lubricated and cool for optimal performance. Formulated for use by hair stylists, barbers, animal groomers and veterinarians, this 7-in-one, Vitamin E enriched formula cools, deodorizes, lubricates, cleans, prevents rust and decontaminates. Dip any detachable blade in the jar or conveniently spray blades to rinse away hair, buildup and preservatives.

Blade Brush
12415
The blade brush is a convenient, safe way to keep clipper and trimmer blades clean in between grooming. The broad bristle design ensures a clean blade in just a few strokes.

Styling & Cutting Comb
12410
Classic cutting comb shape with wide teeth for low-tension cutting and fine teeth for precision control.

Barber Tapering Comb
12405
Classic taper comb shape with wide teeth for low-tension cutting and fine teeth for precision control.

Hair Gripper Accessory
12800
Andis Hair Gripper Accessories hold longer hair during clipping and trimming. Reusable, easy on and off-won’t damage hair. Two pieces per package.

Andis Spray Bottle
12820 (Black), 12830 (Clear)
Premium, continuous mist spray bottles perfect for use behind the chair.

Black Andis® Cape
12766
Velcro tabs with convenient loop for easy fastening. Machine washable in cold water, tumble dry cool. One size.
